SPIRIT OF THE TIMES

BONALDO

SPIRIT OF THE TIMES

Today the home increasingly appears to be the projection of a well-founded desire for space. Able to clearly catch the spirit of the times, Bonaldo interprets the current complexities of the space/home by focusing on the formal qualities of the objects that are found inside.

In line with B/Style, the Bonaldo furniture collections are the result of an all embracing design project that harmonizes their characteristics, interpreting the rhythm of domestic and daily life. The new elements sit easily with the classic solutions thanks to their essential geometries and carefully calibrated proportions, thereby setting in motion a continuous process of interaction with the user. The resulting overall image is thus not the result of a simple juxtaposition of factors, but rather the expression of an intrinsic totality.

Within B/Style, each table, chair, sofa, bookcase, lamp or accessory holds the key to activating an expanded living experience. Each piece of furniture is not just a simple guest of the domestic setting but an integral part of daily space: a "sensitive passage" between the individual environments where moments of life and work intertwine. In this way, the form of the furniture is established as a permanent emotion, beyond any changing arrangement or surface interpretation. Once again, for Bonaldo "design" means something more than just "design".

Oggi la casa appare sempre più come la proiezione di un desiderio stabile di spazialità. Capace di intercettare lo spirito profondo del tempo presente, Bonaldo interpreta le attuali complessità dello spazio-casa concentrandosi sulle qualità formali degli oggetti che la popolano.

Orientate dal B/Style, le collezioni di arredi Bonaldo sono l'esito di un progetto corale che ne armonizza le caratteristiche, interpretando il ritmo della vita domestica e quotidiana. Gli elementi di novità si accordano alle soluzioni classiche attraverso geometrie essenziali e proporzioni calibrate, attivando un processo continuo di interazione con l'utente. L'immagine d'insieme che ne scaturisce non è così il risultato del semplice accostamento tra fattori, ma esprime invece una totalità intrinseca.

Nel B/Style ogni tavolo o sedia, divano o libreria, lampada o complemento custodisce la chiave per attivare un'esperienza allargata dell'abitare. Ciascun elemento d'arredo non è un semplice ospite dell'involucro domestico, ma una parte integrante della spazialità quotidiana: un "passaggio sensibile" tra i singoli ambienti dove si intrecciano momenti di vita e di lavoro. In tal modo, la forma dell'arredo si stabilizza come emozione permanente, oltre ogni assetto mutevole o interpretazione di superficie. Ancora una volta, per Bonaldo, "design" significa qualcosa di più che "design".
